Just a few hours ago she was healthy. By now she's heavily injured by Putin's soldiers. She lives in Kharkov-Ukraine.

Where is Eric CIA-ramella when you need him? Or, is that name still verboten?

Y'all, I don't know where this photo came from and honestly, it doesn't matter.

It is seared into my mind forever.

There are people going through much worse than what is shown in this pic.

So I'm leaving it because it is emblematic of the trauma and pain people are living
